Pages of this document.

The Amazing Thanksgiving Race

Its time for a challenge if you choose
to try.

Once you start this hunt, you'll see
the time will fly by.

Turn the first page if you want to
proceed and the grand master of
turkeys will have everything you
need.

Oh yay! I'm glad you
want to play!
This first clue will be
found where you start
your day.

1. Under the bed, pillow, blankets etc. you will leave the First assignment.

1. Go to the backyard
2. Find the spoon and put it in your mouth.
3. Place the egg on the spoon.
4. Walk from start to finish without dropping egg 3 X.

1. Once Completed
2. Give child next clue

That was good work,
now get some water.

This next clue is sure to
be a little bit harder.

In the fridge place the next assignment.
For this assignment, I purchased plastic
chargers from Dollar Tree. 2 per child.
The child stands on the plates and glides
them across the yard without taking feet
off of the plate.

Go to the back yard again.

Take the flat plates and skate
across the yard from starting
line to finish 2 x.

Leave the last assignment in any of those places.

Ha Ha Ha that was funny
to see, Now for the last
clue where shall it be?

Will it be up front?
Or under the car?
In the BBQ pit or
where you go pee?

Go back to the yard
and try to throw the
3 balls through the
hoop for your prize.

I plan to have small goodie bags
with
Items I purchased at dollar tree
for each child.

Thank you for
playing The Amazing
Thanksgiving Day
Race!
